ELECTRONIC  
INSECT KILLERS

advanced  
electronic systems  
**for Mosquito  
& Biting Fly  
Control**

Protecting the  
Health and Quality  
of Life

## Advanced Electronic Systems for Flying Insect Control

**Effective in killing a broad range of insect pests including mosquito species which can transmit West Nile virus and other infectious diseases.**

### Flowtron Insect Killers are best because:

- Electronic insect control without pesticides, propane tanks, nets or glue panels
- Patented, high efficiency, non-clogging killing grid
- FREE USDA tested Octenol cartridge included in carton. Octenol, a by-product of human respiration, lures a wide range of mosquito and biting fly species into the unit's killing grid.
- Rugged, weatherproof construction; will not rust, crack or fade
- Easy bulb replacement
- Operates for only pennies a day
- Avoids the continuing expense and inconvenience of chemical insecticides
- Two year limited warranty

### A model for every need

#### Model BK-15

Recommended for areas up to 1/2 acre.  
One 15 watt high intensity black light bulb.  
Unit dimensions: 8 1/2" x 8 1/2" x 13 1/2"  
Bulb: BF-35

#### Model BK-40

Recommended for areas up to 1 acre.  
One 40 watt high intensity black light bulb.  
Unit dimensions: 9 3/4" x 9 3/4" x 16 1/2"  
Bulb: BF-190

#### Model BK-80

Recommended for areas up to 1 1/2 acres.  
Two 40 watt high intensity black light bulbs.  
Unit dimensions: 11" x 11" x 18 1/2"  
Bulb: BF-150

BK 80

### Patented, Non-Clogging Killing Grid

**Safer, cleaner, more effective and more dependable**

Flowtron's  
**High Tech Vertical Grid**  
Keeps clean and working reliably  
all season.

**Other Brand's  
Ineffective Wire Grids**  
Stopped working after four days  
due to clogging

## The Solution for Smaller Outdoor Areas

**Ideal for small yards, patios, decks, boating, camping, etc.**

### Model BK-7

Recommended for areas up to 1/4 acre.  
One 7 watt high intensity black light bulb.  
Unit dimensions: 6 1/2" x 6 1/2" x 10 1/2".  
Bulb: BF-195

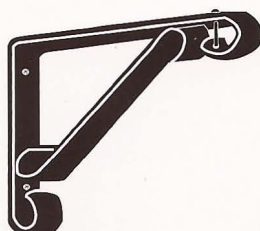

- Rugged, weatherproof construction; will not rust, crack or fade
- Spiral grid design
- Powerful transformer
- Easy bulb replacement
- Two year limited warranty
- Octenol not included

BK-7

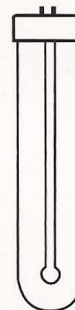

## Complete Line of Accessories

**For add-on and repeat sales opportunities**

### Security Wall Bracket #SB-300

Welded black steel bracket for mounting on wall, fence or other vertical surface. Locking feature helps prevent theft. 6 1/2" high with 10" extension.

### Replacement Bulbs

Yearly bulb replacement is recommended to retain maximum black light luring power.

#### Bulb Models:

BK-7	BF-195
BK-15	BF-35
BK-40	BF-190
BK-80	BF-150

### Mosquito Attractant – MA-1000

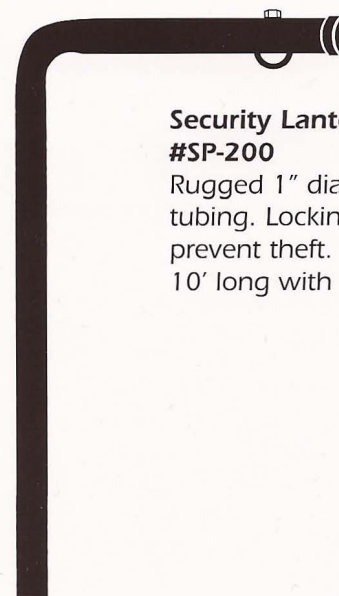

Slow release cartridge contains 1660 mg of octenol attractant. Makes your insect killer more effective in attracting mosquitoes and biting flies.

### Mosquito Attractant Six Pack – MA-1000 – 6

### Pheromone Fly Attractant #FA-5000

Attractant lures house and garbage flies to insect killer.  
Twice as effective as black light alone.

### Security Lantern Pole #SP-200

Rugged 1" dia. black steel tubing. Locking feature helps prevent theft.  
10' long with 14" extension.

## Flowtron Indoor and Outdoor Fly Control Systems

**For all commercial, industrial and agri-business applications.**

The effective, economical and safe way to control flies and other unsanitary flying insect pests with minimum maintenance and without costly and hazardous chemicals.

### Features:

- Glo-tube and glo-panel reflectors intensify blacklight radiation for greater luring power
- Patented, high efficiency, vertical rod, killing grid eliminates clogging
- FREE Fly Sex Lure, increases unit's effectiveness during daylight hours
- Rugged, weatherproof construction; will not crack, fade or rust
- 5600 volt killing grid
- Removable collection tray
- Economical, costs only pennies a day to operate

**Ideal for:** restaurants, food processing plants, retail food stores, meat-packing plants, hospitals, barns, stables ... or wherever flies are a threat to health and sanitation codes, and where the use of toxic chemicals is dangerous, undesirable or banned.

### A model for every need

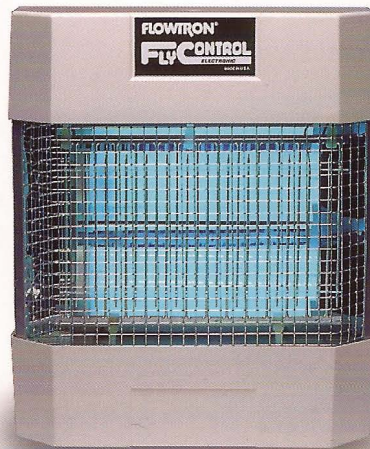

**Model FC-7600 – 80 watts lure power**  
Covers 1200 sq. ft. Two powerful 40-watt high intensity black light bulbs. Indoor wall mount only. Removable collection tray.  
Unit dimensions: 18" x 15 1/4" x 5 1/4".

**Model FC-7800 – 120 watts lure power**  
Covers 2000 sq. ft. Three powerful 40-watt high intensity black light bulbs. Indoor wall mount only. Removable collection tray.  
Unit dimensions: 24" x 15 1/4" x 5 1/4".
